About Our College:

The R. C. Patel Education Trust has been a transformative force in education, providing secondary and tertiary schooling for the past 25 years to rural and tribal students in the area. In addition to traditional streams in Arts, Commerce, and Science, the college offers various self-financed courses tailored to student interests and demand. The college has successfully completed two assessment and accreditation cycles by NAAC, achieving a 'B' grade in both instances. Most enrollees hail from rural areas, economically disadvantaged backgrounds, and agricultural

families, for whom pursuing higher education remains a distant dream.

About the Seminar

Explainable AI (XAI) in research methodology refers to the practice of developing AI systems that not only produce accurate results but also provide transparent explanations for their decisions and actions.

XAI addresses the growing need for AI systems to be understandable and interpretable, particularly in fields where decisions have significant consequences, such as healthcare, finance, and criminal justice. By providing explanations for its outputs, XAI enables users to trust and validate the decisions made by AI systems, thereby increasing their adoption and acceptance.

XAI techniques span various methods and approaches for explaining AI models' predictions and behaviors. These techniques include model introspection, where AI systems are designed to reveal their internal states and decision-making processes, as well as post-hoc explanation methods that generate human-understandable justifications for AI outputs.

The focal points of the seminar

- Reshaping AI Future
- Addressing Need
- Enhancing Interpretability
- Trust and Validation

Registration

- The registration fee is 200 INR. Nonetheless, participants must register themselves via a Google form.
- Register at: <https://forms.gle/RWcMPv7gNM9MDeXSA>

Last Date of registration: Sept. 12, 2018

Programme:

The program will be conducted at S. M. Patel Memorial Hall.

Report of the program

The Workshop started at 10:30 P.M with the inauguration program at the Seminar hall at R.

C. Patel IMRD College, Shirpur, with enlighten of lamp to Goddess Saraswati which was followed by Felicitation of respected Guests. After introduction of Hon'ble chief guest Dr.S. R. Kolhe, Dr. R. J. Ramteke, Dr. Manoj Patil, Professor & Head, Department of Computer Science, KBCNMU, Jalgaon. He guided the students with his valuable words.

In the session on explainable AI (XAI), the speaker delivered into the realm of research methodology, shedding light on its significance and relevance in today's context. They elucidated what exactly research methodology in XAI entails, emphasizing its crucial role in various applications. From interpreting complex machine learning models to ensuring transparency and accountability in AI systems, research methodology in XAI encompasses a myriad of concepts that are indispensable in our AI-driven age.

Furthermore, the speaker elucidated the intrinsic connection between research methodology in XAI and fundamental concepts like model interpretability, transparency, fairness, and accountability. By illustrating how AI models are developed and the nuances involved in ensuring their explainability, they demystified the intricacies of XAI for the audience.

Moreover, the session wasn't just about technicalities; it also aimed to nurture essential skills among students and researchers. The speaker underscored the importance of interdisciplinary collaboration, rigorous experimentation, and ethical considerations, which are invaluable not only in XAI research but also in various facets of academic and professional life.

After the first session and a quick Tea break, the Second session started immediately. This session was carried out by Prof. Ramteke sir, Dept. of Computer Science, KBCNMU, Jalgaon. He carried out the session with his valuable knowledge regarding the "Upcoming Changes in the Universities". He distinguished the past scenario with upcoming conditions on the IPR, patents and innovations. This session was followed by Lunch break which was at 1:30 P.M, and the next session was arranged at 3:00 P.M.

At the end, a sincere Vote of Thanks to all the dignitaries was given by Prof. B. S. Panchbhai, Head, Dept. of Computer Science, R. C. Patel ASC College, and Shirpur.

Program ended at approximately around 4:30 P.M.

All the sessions were very refreshing and were enjoyed by Students as well as Faculty members who attended the session.

Glimpses of the Seminar

On 13th September 2018, the state-level seminar on Research Methodology in AI commenced with Saraswati Vandana and the lighting of the lamp in honor of Goddess Saraswati, symbolizing the pursuit of knowledge and wisdom.

On 12th September 2018, Hon. Speaker Dr. S. R. Kolhe delivered talk on the realm of research methodology, shedding light on its significance and relevance in today's academic and professional contexts.

Website: www.rcpasc.ac.in

About the College:

The R. C. Patel education trust is a profound educational movement offering secondary and tertiary education since last 25 years to the rural and tribal students of this region. Besides the conventional Arts, Commerce and Science streams, the college also runs several self-finance courses according to student demand. Previously, the college has undertaken two assessment and accreditation cycles of NAAC and accredited with 'B' grade on both the assessments. The majority of the students admitted in this institute come from the rural, economically backward and agriculture background for whom higher education is still out of reach.

About the Seminar

Intellectual Property Rights in the field of Biotechnology and the Life Sciences has been high on the agenda of the policymakers from last decade. Moreover, here has been a wide and ongoing debate on the nature and scope of these rights particularly for plant varieties, GMOs, pharmaceuticals and novel drugs. WIPO has defined these

rights as rights accruing from creations of mind. But, the value of Intellectual Property does not lie merely in creation and development rather in its commercialization. Intellectual Property is a powerful commercial asset whose commercialization is yet to be fully developed in India. However, the lack of awareness and the cumbersome process of getting protection to these rights have led to numerous incidents of plagiarism, stealing of traditional knowledge of local communities, amongst others. Large scale schemes and programs spreading awareness among people including communities and students is the need of the hour.

The theme of seminar

- Intellectual Property: Concept
- Intellectual Property Rights: Emerging Issues and challenges
- Evolution of Biotechnology and Patents
- Protection of Traditional Knowledge
- Plant Variety Protection
- Pharmaceutical Patents and Public Health
- Patent of Life Forms

Registration Fee

- Students/Research Scholars : Rs. 200
- Academicians/Professionals : Rs. 300

Note: The registration fee can be paid at the time of registration. It includes seminar kit, breakfast, lunch, high tea and access to all technical sessions on the day of seminar. Registration fee does not include accommodation charges (No TA/DA).

About the Seminar

Intellectual Property Rights in the field of Biotechnology and the Life Sciences has been high on the agenda of the policymakers from last decade. Moreover, here has been a wide and ongoing debate on the nature and scope of these rights particularly for plant varieties, GMOs, pharmaceuticals and novel drugs. WIPO has defined these rights as rights accruing from creations of mind. But, the value of Intellectual Property does not lie merely in creation and development rather in its commercialization. Intellectual Property is a powerful commercial asset whose commercialization is yet to be fully developed in India. However, the lack of awareness and the cumbersome process of getting protection to these rights have led to numerous incidents of plagiarism, stealing of traditional knowledge of local communities, amongst others. Large scale schemes and programs spreading awareness among people including communities and students is the need of the hour.

The theme of seminar

- Intellectual Property: Concept
- Intellectual Property Rights: Emerging Issues and challenges
- Evolution of Biotechnology and Patents
- Protection of Traditional Knowledge
- Plant Variety Protection
- Pharmaceutical Patents and Public Health
- Patent of Life Forms

Event details:

The seminar was organized by the Department of Microbiology and Biotechnology, R. C. Patel Arts, Commerce and Science College, Shirpur, Dist: Dhule. The seminar was conducted on 25th Feb. 2019 at the S. M. Patel Memorial Hall, R. C. Patel Arts, Commerce and Science College, Shirpur, Dist: Dhule. A total of 95 participants registered their participation in this seminar. The participants included Research students, PG students of the department and faculty members of the organizing department as well as from the nearby colleges.

Program Schedule: The brief schedule of the program was as under:

Sr. no	Program	Time
1	Breakfast and registration	9.30 to 10.00
	<ul style="list-style-type: none">➤ Inauguration : Dip prajwalan➤ Prayer➤ Felicitation of guests➤ Preface: Dr. RH Patil➤ Views of guests (Dr. Ruchi Sharma)➤ Presidential address	10.00 to 10.30
2	Lecture I (Keynote Address): Dr. Avinash Sonawane, IIT Indore: Subject: Science and Scientific Inventions	10.45 to 12.00
	Lecture II: Dr. Ruchi Sharma, IIT Indore: Subject: Intellectual Property Rights of inventions	12.00 to 1.15
1.15 to 2.15 Lunch break		
3	Lecture III: Dr. Shashikant Bagade, SVKMS	

	NMIMS, Mumbai Subject: Career opportunities in IPR and patenting.	2.30 to 3.45
4	Vote of thanks and certificate distribution	4.00 to 4.30

The speakers:

We invited three expert speakers to deliver the lectures on various topics of IPR and patenting. Prof. Avinash Sonawane and Prof. Ruchi Sharma from IIT, Indore. Prof. Shashikant Bagade was invited from SVKM'S NMIMS campus Shirpur. All three lectures shed light on IPR and the recent development in the field of IPR. The issues of IPR in life sciences and Biotechnology were also discussed in depth. Participants raised several queries which were satisfactorily answered by the experts.

Conclusion:

Overall, the seminar ended with fruitful discussion on various issues of IPR and patenting. The organizers expressed their sincere thanks towards the KBCNMU, Jalgaon for funding the seminar. The expert speakers were also thanked for delivering very fruitful talks in the seminar.

Development

26th-February-2019

In association with KBCNMU, Jalgaon

INVITATION

Dear Students / Professionals,

We are glad to invite you to participate in state level workshop on "**Recent Trends in Entrepreneurship Development**". A One-day workshop intends to help you better understand the concept and latest developments in entrepreneurship.

The workshop also includes some of the issues in current scenario and a practical experience of entrepreneurs from various regions and discussion of their experience. The workshop is being held on **26th - February-2019** at R. C. Patel Arts, Commerce and Science College, Shirpur.

ABOUT THE INSTITUTION

R.C.Patel Arts, Commerce & Science College, Shirpur is a premier educational institution run by R.C.Patel Educational Trust, Shirpur. The college was founded in year 1991 by the visionary patron Hon'ble Amarishbhai Patel (M.L.C.&Ex-Cabinet Minister of Education, Sport & Youth Affairs M.S.)within the shortest span of 25 years, the college proves itself as an institution providing quality education in various disciplines such as literature, commerce, chemical, physical & life sciences. Nearly 2000+ students have been studying in the college. The college has been contributing in the field of higher education in this tribal come rural area with missionary zeal. The college dignified campus with the state of the art infrastructure. The sophisticated library and fully equipped laboratories are the unique features. The atmosphere on the campus gives instinct to the all-round development of the student.

ABOUT THE WORKSHOP

It is your mindset which decides the future path you are going to take. Entrepreneurship is important from the perspective of economic development. The promotion of entrepreneurial activities can set up an important instrument in the tool kit of policy makers focused on reducing poverty & improving human development in their communities. The workshop aims to be a knowledge forum for entrepreneurs, to share & express various paths in entrepreneurship, government scheme, new entrepreneurial challenges and how to overcome these challenges. The workshop intends to stimulate new ideas among students & academicians through a deliberations & discussions on developing an entrepreneurial perspective among them. It will enable them to become the contributors to a successful & sustainable economy. The workshop will help participants to interact with real life experience entrepreneur.

OBJECTIVES

- ✓ To inculcate the entrepreneurial culture into participants minds.
- ✓ To create awareness about the current trends in the entrepreneurship.
- ✓ To provide a forum for an exchange of views with leading entrepreneurs and academicians.

OUTCOMES

- ❖ Create an entrepreneurship mindset help to unlock their inner potential and overall entrepreneurship development to inculcate innovative thinking.

Dist: Dhule**

Report of the program

The workshop commenced promptly at 11:00 A.M in the S.M. Patel Auditorium hall at R.C. Patel ASC College, Shirpur, with the ceremonial lighting of the lamp in honor of Goddess Sarasvati, followed by the felicitation of esteemed guests. Following this, the Hon’ble chief guest, Mr. Prakash Pathak (C.A., Jalgaon), delivered insightful remarks, focusing particularly on the importance of Entrepreneurship Development (ED). Mr. Pathak emphasized how entrepreneurship serves as a catalyst for job creation, empowering individuals to initiate their ventures and thereby reducing unemployment rates while stimulating economic activity. He highlighted how entrepreneurs drive innovation by introducing novel products, services, and business models, thereby propelling progress and economic growth. Additionally, he underscored how a thriving entrepreneurial ecosystem fosters a culture of innovation, attracts investment, and enhances a country's global competitiveness. Through his address, Mr. Prashant Pathak likely inspired workshop participants to adopt an entrepreneurial mindset, seize opportunities, and contribute to economic development and societal progress. The session proved highly informative for all attendees.

Following a brief tea break, the second session promptly commenced. Dr.V.V. Katdhare (C.A., KBCNMU, Jalgaon) led this session, sharing his valuable insights on the "Upcoming Changes in Entrepreneurship Development." Dr. Katdhare provided a comprehensive analysis comparing past scenarios with anticipated developments in the field of Entrepreneurship Development. Subsequently, a lunch break was scheduled for 1:30 P.M., with the subsequent session slated for 2:00 P.M. from Mrs. Sakshi Mahajan (Owner of Hotel Sakshi, Dhule), Bapu Mahajan (Owner of Bapu Milk Dairy, Chopda) and Harshal Vibhandik (Entrepreneur, Jalgaon) for sharing their experience.

In conclusion, Mr. R.A. Mali, Coordinator of program, extended a heartfelt vote of thanks to the entire present guest, expressing gratitude for their valuable contributions to the workshop.

Glimpses of the Workshop

The organizing committee members for the State Level Workshop on 'Recent Trends in Entrepreneurship Development,' held on February 26, 2019, consisted of dedicated faculty and staff who worked collaboratively to ensure the success of the event.

Department of Microbiology and Biotechnology

Intellectual Property Rights in Life Sciences

(07 August, 2018)

Report on the Program Organized by Department of Microbiology and Biotechnology, R. C. Patel Arts, Commerce and Science College, Shirpur-425405 on Intellectual Property Rights in Life Sciences

Introduction:

On **07 August 2018**, Department of Microbiology and Biotechnology organized a program focused on "Intellectual Property Rights in Life Sciences." The event aimed to educate students, faculty, and industry professionals about the significance of IPR in the life sciences sector, highlighting its role in innovation and economic growth.

Objectives of the Program:

- 1. Awareness:** To raise awareness about the various forms of intellectual property and their relevance in life sciences.
- 2. Education:** To provide insights into the patenting process and the challenges faced by researchers.
- 3. Networking:** To foster connections between academia and industry professionals.

Program Structure:

The program was structured into several key segments:

1. Inauguration:

The event commenced with an opening address by Dr. Sandip P. Patil who welcomed participants and emphasized the importance of IPR in modern research.

2. Keynote Speech:

Speaker: Prof. Bhushan L. Chaudhari, Director, KCIIL, KBC NMU, Jalgaon.

Topic: "The Role of Intellectual Property in Driving Innovation in Life Sciences"

The keynote speaker provided a comprehensive overview of IPR, focusing on its impact on research and development in life sciences.

3. Panel Discussion:

- **Panelists:** 1. Dr. Pravin O. Patil, 2. Dr. L. R. Zawar, 3. Dr. H. S. Mahajan
- **Moderator:** Dr. A. A. Shirkhedkar (Vice Principal, RCPIPER, Shirpur)
- **Discussion Theme:** "Challenges and Opportunities in IPR for Life Sciences"
- The panel discussed current trends, challenges, and strategies for effectively managing IP in life sciences.

4. Workshops:

- **Session 1:** "Understanding the Patent Process"
 - Led by **Dr. L. R. Zawar**, this session provided practical insights into the steps involved in patenting life sciences inventions.
- **Session 2:** "Navigating Trademark and Copyright in Research"
 - Conducted by **Dr. Pravin O. Patil**, focusing on the importance of trademarks and copyrights for researchers and businesses.

5. Q&A Session:

- Attendees had the opportunity to engage with speakers and panelists, addressing their queries related to IPR.

Participants

The program attracted a diverse audience, including:

- Students from various life sciences disciplines
- Faculty members and researchers
- Industry professionals and IP experts
- Local entrepreneurs and startup representatives

Feedback and Outcomes

The feedback from participants was overwhelmingly positive.

Key takeaways included:

- Increased understanding of the significance of IPR in fostering innovation.
- Insights into the practical aspects of securing and managing IP.
- Networking opportunities that may lead to future collaborations.

Conclusion:

The program on Intellectual Property Rights in Life Sciences organized by R. C. Patel ACS College, Shirpur successfully met its objectives, fostering awareness and education on this crucial topic. Participants left with valuable knowledge and connections that will aid them in their future endeavors in the life sciences sector.

Acknowledgments

The college extends its gratitude to all speakers, panelists, and participants for their contributions, as well as to the organizing committee for their efforts in making the event a success.

Recommendations for Future Programs

1. Follow-up Workshops: Organize advanced workshops focusing on specific IP topics such as licensing and commercialization.
2. Collaboration with Industry: Foster partnerships with local biotech firms to create internship opportunities for students.
3. Regular Seminars: Establish a series of seminars that regularly cover updates in IPR laws and practices in the life sciences.

This program marks a significant step towards enhancing understanding and application of intellectual property rights within the academic community and beyond.

Photo Gallery:

Hon. Guest Prof. Bhushan Chaudhari (Director, KCIIL, KBCNMU, Jalgaon) was felicitated with a Certificate of Honor by Dr. S. B. Bari, Principal of H.R. Patel Pharmacy College, Shirpur, before the commencement of the Intellectual Property Rights in Life Sciences program, recognizing his contributions and presence on 7th Aug 2018.

Programme glimpses:

On 7th August 2018, Prof. Bhushan Chaudhari delivered a talk on 'The Role of Intellectual Property in Driving Innovation in Life Sciences,' emphasizing how IPR fosters advancements and protects innovations within the life sciences sector.

On 7th August 2018, Prof. Bhushan Chaudhari engaged in a discussion with participants on 'IPR and Innovation in Life Sciences,' exploring the critical relationship between intellectual property rights and the advancement of scientific research and innovation in the field of life sciences.
