DEPARTMENT OF COMPUTER APPLICATION AND COMMERCE MANAGEMENT

Organizes

One Day State Level Workshop

✉ rcpbtolmd@gmail.com ☎ 02563-257328

📍 Near Karwand Naka, Shirpur, Dist. Dhule (MS) 🏠 www.rcpasc.ac.in

INVITATION

Dear Students / Professionals,

We are glad to invite you to participate in state level workshop on

“Leadership and Management”

A One-day workshop intends to help you better understand the concept and latest developments in entrepreneurship.

The workshop also includes some of the issues in current scenario and a practical experience of entrepreneurs from various regions and discussion of their experience. The workshop is being held on **16 September 2022** at **R. C. Patel Arts, Commerce and Science College, Shirpur.**

ABOUT THE INSTITUTION

R.C.Patel Arts, Commerce & Science College, Shirpur is a premier educational institution run by R.C.Patel Educational Trust, Shirpur. The college was founded in year 1991 by the visionary patron Hon'ble Amrishbhai Patel (M.L.C.&Ex-Cabinet Minister of Education, Sport & Youth Affairs M.S.) within the shortest span of 25 years, the college proves itself as an institution providing quality education in various disciplines such as literature, commerce, chemical, physical & life sciences. Nearly 2000+ students have been studying in the college. The college has been contributing in the field of higher education in this tribal come rural area with missionary zeal. The college dignified campus with the state of the art infrastructure. The sophisticated library and fully equipped laboratories are the unique features. The atmosphere on the campus gives instinct to the all-round development of the student.

ABOUT THE WORKSHOP

It is your mindset which decides the future path you are going to take. Leadership and management is important from the perspective of organizational development.

This workshop takes the complexity and confusion out of how to be an effective leader. Whether delegates are well-established, they'll take home dozens of fresh ideas, imaginative solutions and best practices they can use the very next day. You will increase your skills and awareness to handle leadership issues ensuring personal and organizational success!

The workshop aims to be a knowledge forum for future leaders and managers, to share & express various paths in leadership and management. New challenges and how to overcome these challenges. The workshop intends to stimulate new ideas among students & academicians through a deliberations & discussions on developing an leadership perspective among them. It will enable them to become the contributors to a successful & sustainable development.

OBJECTIVES

- Make the transition into the role of effective leader
- Be able to choose the most effective and appropriate leadership style.

OUTCOMES

- Make the transition into the role of effective leader
- Effectively handle friends, older workers, new hires and other early problems.
- Be able to choose the most effective and appropriate leadership style.

IMPORTANT DATES

Last Date of Regression
10/09/2022

Address to submit Registration Details
rcpbtolmd@gmail.com

REGISTRATION DETAILS

Students Fees: **200/-**
 Research Scholars/Faculty Fees: **300/-**
 Interested participants are requested to fill and send the scan copy of Accompanying form with DD/receipt and send the same by email / filling online registration form. Spot registration is also available. Seats are limited.

REGISTRATION FEES INCLUDES

- Participation to all technical sessions
- Welcome kit
- Tea, Breakfast and Lunch
- Certificate

PAYMENT MODE

Fees can be paid by D.D. drawn in favour of **Principal, R.C.Patel Arts, Commerce & Science College, Shirpur, and Payable at Shirpur**

RTGS payment details:

Name of account-**R.C.Patel Arts, Commerce & Science College, Shirpur**
 Account Number – **20261772094**
 Name of Bank: Bank of Maharashtra
 IFSC code - MAH B000349
 MICR code of bank - 425014020
 Kindly send scanned receipt of bank to above email.

Workshop On

“Leadership & Management”

Organized by

Department of Commerce & Management

An Event Report

Title of Activity: Leadership & Management

Objectives: Leadership development training programs have several very important benefits. They increase student morale and retention, improve productivity, promote better decision making, build better teams, and train future leaders in your life who have a management style that is conducive to a positive working future.

Developing self-awareness and improving communication skills, to strive and communicate clear ideas by active and constructive feedback in their communication style which will suit their workplace in future.

The workshop was organized with the objectives to instill leadership skills among the placement representatives. To enhance the skills of the leader such as interpersonal, team building, communication, decision making and self-awareness.

Program Details: The workshop was organized with the objectives to instill leadership skills among the students. To enhance the skills of the leader such as interpersonal, team building, communication, decision making and self-awareness.

The workshop began at 10 AM and it started with the inaugural address by Principal of College Dr. D. R. Patil, who had a word with students for their future achievements. The event witnessed huge participation of around at Seminar Hall, R. C. Patel Arts, Commerce and Science College, Shirpur as on 16th Sept 2022 for B.COM. -III, M.COM.I & II, BCA, and BMS total 140 students, Dr. Rupali Agrawal

inaugurated and addressed the students striving for Entrepreneurship Cell with a vision to explore the inherent capabilities of young technocrats for Innovative solutions of existing problems of the society and industry developing Leadership and Management Skills among the students to have their own

The students were informed on the various opportunities in Management field by Aspirants. All that made it more interesting is that, they conducted various activities starting from listening skills, Interaction activity, Hand Knot, Team building activity, and much more. Each and every activity conducted had at most significance which thoroughly registered in the minds of the students.

The main objective is to create leaders from the student community. She also emphasized and appealed to the students and general public of northern states to take advantage of this golden opportunity where in not only mentoring and space will be provided but initial Vote of thanks was given by Mr. Aadesh Jain where he thanked the resource person for providing her valuable time to make this workshop interesting and valuables for the scholars & faculty members. He also thanked the organizing team for making this event a success.

The team of faculty members included Mr. Gopal Bide, Program co-coordinator Miss. Aparna Jagtap, and other team members Mr. U. G. Patil, Mr. A. S. Jain, Mrs. P.D. Shravgi, Mr. Ramkumar Suryawanshi, Mrs. S.C. Pinjari, worked efficiently to make the event success.

Date: 16th Sept 2022

Class and Participants: B.COM – III, BCA, and BMS, MCOM.I & II

Venue: Seminar Hall, R.C Patel ACS College, Shirpur

Outcomes of Workshop: The participation in workshop showed that the students really like these platforms in which they increased their knowledge. The students then have a better idea of how well they are grasping the material, hopefully motivating them to study more and helping them allocate their study time effectively by focusing on the information that still needs more practice.

Workshop on

“Problem Solving Using SQL”

Organized by

Department of Computer Science

All students are delighted to know that our Computer Science Department has organizing a seminar on "Problem Solving with SQL." Everyone is encouraged to participate and enhance their skills through this program. It is important to note that the program is being offered free of cost. In this session, we will provide hands-on practice with SQL to improve your skills and abilities. And therefore, each student expects to register their participation. You can register your name at Lab I of department of Computer Science on or before 17/12/2022 (Saturday) by 4:00 PM.

About the College

The R. C. Patel education trust is a profound educational movement offering secondary and tertiary education since last 25 years to the rural and tribal students of this region. Besides the conventional Arts, Commerce and Science streams, the college also runs several self-finance courses according to student demand. Previously, the college has undertaken two assessment and accreditation cycles of NAAC and accredited with 'B' grade on both the assessments. The majority of the students admitted in this institute come from the rural,

economically backward and agriculture background for which higher education is still out of reach.

About the Seminar

Mastering databases and SQL (Structured Query Language) is crucial for effective data manipulation and problem-solving. Databases store and organize large volumes of information, enabling efficient retrieval and analysis for various applications. SQL is the primary language for interacting with relational databases, featuring key commands such as SELECT, FROM, and WHERE for retrieving and filtering data. SQL also supports data manipulation with commands like INSERT INTO, UPDATE, and DELETE.

Further techniques include using aggregate functions such as COUNT, SUM, AVG, MIN, and MAX to summarize data, grouping with GROUP BY, and filtering grouped results with HAVING. Subqueries and views offer advanced capabilities for complex queries and data abstraction.

Together, these SQL tools form a comprehensive framework for managing, analyzing, and manipulating data effectively.

Theme of the Seminar

Core Concepts SQL Querying:
Emerging Issues and Challenges
Evolution of SQL and Database Technologies
Data Protection and Privacy in SQL
Database Schema Design
SQL and Big Data Integration
SQL Performance Optimization
SQL in Cloud Computing

Programme Location:

Computer Lab - II

Resource Person:

Prof. S. D. Mone

Seminar Schedule:

Session 2:30 PM to 5:30 PM

From 19/12/2022 to 04/01/2023

Dr. D. R. Patil
Principal

Dr. A. M. Patil
Vice-Principal

Prof. B. S. Panchbhai
HOD

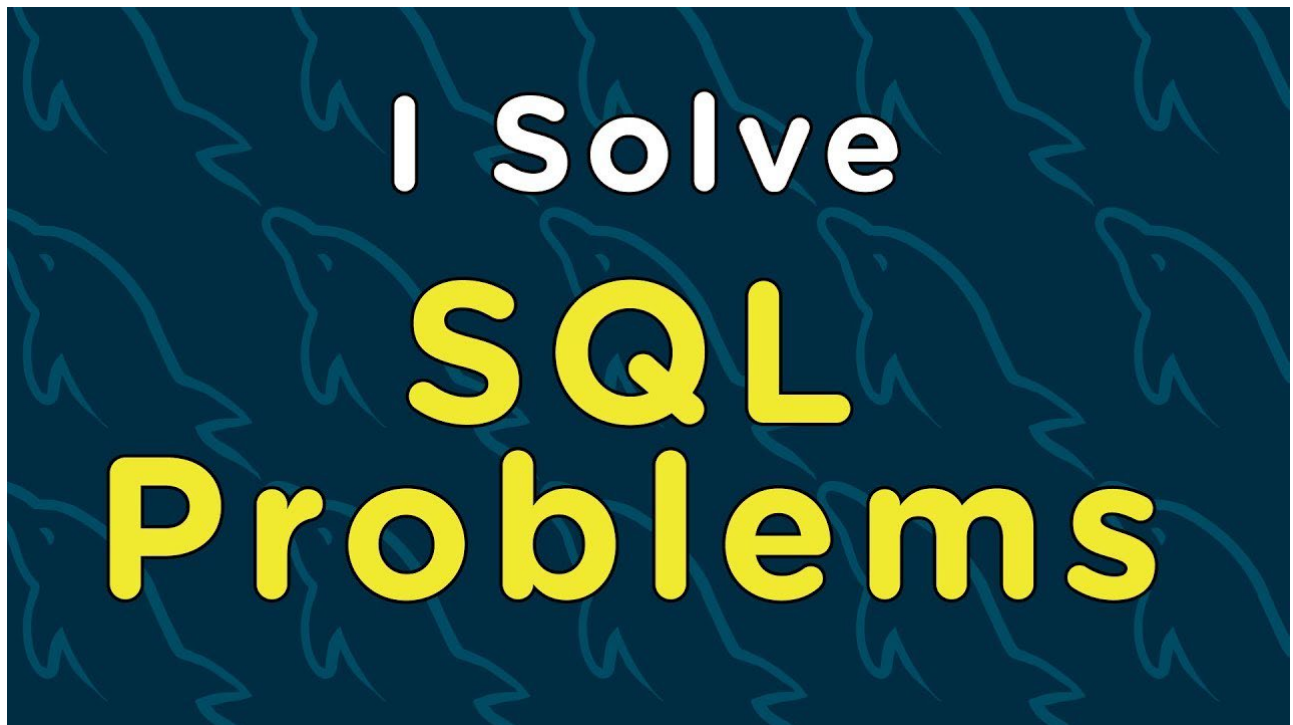

Prof. A. J. Maheshwari
(Coordinator 9404739462)

**R. C. PATEL ARTS, COMMERCE AND SCIENCE COLLEGE,
SHIRPUR**

**Department Computer Science
“Problem Solving Using SQL”**

Duration of Course: 45 hrs.

“Problem Solving Using SQL”

Objectives

- **Mastering Fundamentals:** Learn the basics of SQL, like different data types and how to work with databases.
- **Developing Problem-Solving Skills:** Practice breaking down big data problems into smaller ones, so you can solve them step by step.
- **Understanding Database Design:** Figure out how to plan and build databases that work well and can handle lots of data without slowing down.
- **Hands-on Practice:** Get lots of practice writing SQL code and working with databases through projects and exercises.
- **Performance Optimization:** Learn tricks to make your SQL code run faster and make your databases work more efficiently.
- **Debugging and Testing:** Learn how to find and fix mistakes in your SQL code and make sure your databases work correctly.

Introduction

Welcome to the "Database Problem Solving with SQL" course! In today's data-driven world, proficiency in SQL, the standard language for managing and manipulating relational databases, is essential for various roles in technology, data analysis, and business intelligence.

This course is designed to equip you with the skills needed to tackle a wide range of database-related challenges using SQL. Whether you're a novice eager to learn the fundamentals or an experienced professional seeking to enhance your SQL expertise, this course caters to learners of all levels.

Throughout the course, we'll explore the art of problem-solving in the context of databases and learn how to leverage SQL constructs effectively. Through a blend of theoretical concepts, practical examples, and hands-on exercises, you'll embark on a journey to master SQL for solving real-world database problems.

By the end of this course, you'll gain the confidence and proficiency to manipulate data, extract insights, and optimize database queries using SQL. Whether you're working with small-scale databases or large-scale enterprise systems, the skills you acquire here will be invaluable for your career advancement and professional growth in the field of data management and analysis.

Program Detailed:

Total Period: - 45 hrs.

- | | |
|--|---------------|
| 1. 19/12/2022 | 3 hrs. |
| Introduction to Databases and SQL | |
| Understanding what databases are and their importance | |
| Basics of SQL (Structured Query Language) | |
| 2. 20/12/2022 | 3 hrs. |
| Introduction to SQL queries: SELECT, FROM, WHERE | |
| Hands-on practice with simple SELECT queries | |
| 3. 21/12/2022 | 3 hrs. |
| Retrieving Data | |
| Retrieving data from single and multiple tables using JOINS | |
| Filtering data using WHERE clause | |
| 4. 22/12/2022 | 3 hrs. |
| Sorting data using ORDER BY clause | |
| Practice exercises to reinforce concepts | |
| 5. 23/12/2022 | 3 hrs. |
| Data Manipulation | |
| Inserting new data into tables using INSERT INTO | |
| Updating existing data using UPDATE | |
| 6. 24/12/2022 | 3 hrs. |
| Deleting data using DELETE | |
| Hands-on exercises to perform data manipulation tasks | |
| 7. 26/12/2022 | 3 hrs. |
| Aggregating Data | |
| Understanding aggregate functions: COUNT, SUM, AVG, MIN, MAX | |
| Grouping data using GROUP BY clause | |
| 8. 27/12/2022 | 3 hrs. |
| Filtering grouped data with HAVING clause | |
| Practical examples and exercises to aggregate data effectively | |

- 9. 28/12/2022** **3 hrs.**
 Advanced Queries
 Sub queries: Understanding and implementing nested queries
 Working with views: Creating and using views for data abstraction
- 10. 29/12/2022** **3 hrs.**
 Combining multiple queries with UNION, INTERSECT, and EXCEPT
 Hands-on practice to master advanced querying techniques
- 11. 30/12/2022** **3 hrs.**
 Data Modeling and Normalization
 Basics of data modeling: Understanding entities, attributes, and relationships
 Introduction to normalization: 1NF, 2NF, 3NF
- 12. 31/12/2022** **3 hrs.**
 Applying normalization techniques to improve database design
 Practical exercises to normalize databases effectively
- 13. 02/01/2023** **3 hrs.**
 Introduction to concurrency and parallelism
 Inter-thread communication and synchronization
- 14. 03/01/2023** **3 hrs.**
 Reviewing Concepts:
 - Recap key concepts learned throughout the SQL seminar, such as basic SQL queries, joins, aggregations, normalization, etc.
 - Provide a summary of the most important points and techniques covered during the workshop.
- 15. 04/01/2023** **3 hrs.**
 Wrap-Up and Closing:
 Summarize key takeaways from the workshop.
 Encourage participants to continue practicing and exploring SQL on their own.

Skill Enhancement Course

Disaster Management and Securities

Introduction: Disaster management is the systematic process of preparing for, responding to, and recovering from natural or man-made disasters. It involves strategically organizing resources and responsibilities to minimize the impact of disasters on human lives, infrastructure, and the environment.

Course Details:

- **Course Title: Disaster Management and Securities**
- **Duration: Three days**
- **Course Objectives:**
 - Reduce Damages and Deaths
 - Reduce Personal Suffering
 - Speed Recovery
 - Protect victims
 -

Schedule of program:

10/08/2022	Disaster Management & Securities
11/08/2022	Disaster Type and Effect
12/08/2022	Organization of Disaster Management in India

Awareness of Disaster Management and Securities

A.Y-2022-23

Event: Disaster Management and Security Workshop

Organized By: Department of Defense Studies, R.C. Patel Arts, Commerce and Science College, Shirpur.

Date: 10th August to 12th August 2022

Resource Person: Dr. R.S. Pawar

1. Overview

The Department of Defense Studies at R.C. Patel Arts, Commerce and Science College, Shirpur, organized a comprehensive workshop on "Awareness of Disaster Management and Securities" from August 10th to 12th, 2022. This workshop was aimed at enhancing the understanding and skills of participants in the crucial areas of disaster management and security protocols. Dr. R.S. Pawar, an esteemed expert in the field, was the resource person for this workshop.

2. Objectives

The primary objectives of the workshop were:

- To educate participants on various aspects of disaster management and security.
- To provide practical knowledge and strategies for effective disaster response and management.
- To enhance awareness about the importance of preparedness and risk reduction in disaster scenarios.

3. Workshop Schedule and Content

Day 1: August 10, 2022

- **Session 1:** Introduction to Disaster Management and security
 - Overview of disaster management principles.
 - Types of disasters and their impacts.
 - Introduction to the National Disaster Management Plan.
- **Session 2:** Risk Assessment and Preparedness
 - Techniques for assessing risk and vulnerability.
 - Developing disaster preparedness plans.
 - Case studies of successful preparedness strategies.

Day 2: August 11, 2022

- **Session 3:** Disaster Types and Effects
 - Strategies for effective disaster response.
 - Coordination among various agencies during a disaster.
 - Recovery processes and rebuilding strategies.
- **Session 4:** Security Measures in Disaster Situations
 - Security protocols during and after disasters.
 - Protection of critical infrastructure and resources.
 - Ensuring public safety and managing resources.

Day 3: August 12, 2022

- **Session 5:** Organization of Disaster Management in India
 - Hands-on exercises on disaster response and management.
 - Simulations of various disaster scenarios.
 - Discussion and analysis of the exercises.
- **Session 6:** Q&A and Feedback
 - Open forum for questions and discussions.
 - Gathering feedback from participants.
 - Closing remarks and certificate distribution.

4. Resource Person Profile

Dr. R.S. Pawar is a renowned expert in disaster management and security. With extensive experience in the field, Dr. Pawar has contributed significantly to the development of disaster management frameworks and security protocols. His insights and practical knowledge provided valuable learning experiences for the participants.

5. Participation

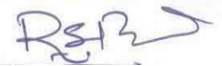

The workshop witnessed enthusiastic participation from students and faculty members. The interactive sessions and practical exercises were well-received, and participants actively engaged in discussions and activities.

6. Outcomes

- Participants gained a deeper understanding of disaster management and security practices.
- The workshop facilitated practical learning through simulations and case studies.
- Enhanced awareness of the importance of preparedness and risk management.
- Improved coordination and response strategies among participants.

7. Conclusion

The workshop on Disaster Management and Security, conducted by the Department of Defense Studies, was a successful initiative that met its objectives. The expertise of Dr. R.S. Pawar and the active involvement of the participants contributed to a productive and informative event. The knowledge and skills acquired during the workshop will be valuable in enhancing disaster preparedness and response strategies.

Workshop Mastering Logic
and Mathematical
Reasoning
Organized by Department
of Mathematics

OBJECTIVES:

Develop students' ability to analyze complex mathematical problems through critical thinking. Cultivate logical reasoning skills essential for effective problem-solving in mathematics. Foster an appreciation for the role of critical thinking in mathematical discovery and innovation. Equip students with a toolkit of problem-solving strategies applicable to various mathematical contexts. Encourage collaborative learning and peer interaction to enhance critical thinking skills in mathematics.

PROGRAM DETAILS:

The workshop will begin at 11 AM and it will start with the inaugural address by Principal of College Dr.D.R.Patil, who had a word with students for their future achievements. The event will witness huge participation of students at Seminar Hall, R. C. Patel Arts, Commerce and Science College, Shirpur.

ORGANISING COMMITTEE:

Mr. R. P. Mahajan
Mr. G. R. Chaudhari
Mr. Kartik Rokade
Miss. R. R. Jadhav

An Event Report

Title of Activity: Mastering Logic and Mathematical Reasoning

Objectives:

Develop students' ability to analyze complex mathematical problems through critical thinking .
Cultivate logical reasoning skills essential for effective problem-solving in mathematics .
Foster an appreciation for the role of critical thinking in mathematical discovery and innovation. Equip students with a toolkit of problem-solving strategies applicable to various mathematical contexts. Encourage collaborative learning and peer interaction to enhance critical thinking skills in mathematics

Program Details:

The workshop began at 10 AM and it started with the inaugural address by Principal of College Dr. D. R. Patil, who had a word with students for their future achievements. The event witnessed huge participation of around at Seminar Hall, R. C. Patel Arts, Commerce and Science College, Shirpur as on 3/09/2021 for T.Y.B.Sc, M.Sc.I & II, 23 students, Dr. R.P.Mahajan.

1: Introduction to Formal Logic Overview of propositional logic and predicate logic. Introduction to logical connectives and quantifiers. Practice exercises on constructing and evaluating logical statements.

2: Deductive Reasoning and Proof Techniques: Principles of deductive reasoning and proof by contradiction. Techniques for constructing and analyzing mathematical proofs. Examples of proof techniques such as direct proof, proof by induction, and proof by contrapositive.

3: Set Theory and Mathematical Structures: Introduction to set theory and basic set operations. Exploration of mathematical structures such as groups, rings, and fields. Application of logical reasoning in defining and analyzing mathematical structures.

4: Number Theory and Discrete Mathematics: Overview of fundamental concepts in number theory and discrete mathematics. Application of logical reasoning in proving properties of integers and discrete structures. Problem-solving exercises in number theory and combinatorics.

5: Mathematical Logic and Boolean Algebra: Introduction to mathematical logic and propositional calculus. Study of Boolean algebra and its applications in digital logic. Exercises on manipulating logical expressions and truth tables.

6: Inductive Reasoning and Probability: Principles of inductive reasoning and probabilistic reasoning. Introduction to basic probability theory and probability distributions. Application of logic in analyzing probabilistic scenarios and making predictions.

7: Graph Theory and Algorithms: Overview of graph theory and its applications in computer science and optimization. Study of algorithms for graph traversal and optimization problems. Analysis of algorithms using logical reasoning and mathematical proofs.

8: Modal Logic and Advanced Topics: Introduction to modal logic and modalities such as necessity and possibility. Exploration of advanced topics in logic, including modalities, temporal logic, and non-classical logics. Application of modal logic in reasoning about knowledge, belief, and time.

Date: 3rd Sept 2021

Class and Participants: T.Y.B.Sc , M.Sc.I & II,

Venue: Seminar Hall, R.C Patel ACS College, Shirpur

Outcomes of Workshop: The participation in workshop showed that the students really like these platforms in which they increased their knowledge. The students then have a better idea of how well they can solve complex mathematical problem, hopefully motivating them to think more and helping them allocate their study time effectively by focusing on the information that still needs more practice

Dr. R. P. Mahajan

Workshop on

“Problem Solving Using C”

Organized by

Department of Computer Science

Schedule

13/07/2021 to 29/07/2021

Time

2:30 pm to 5:30 pm

**Dr. D. R. Patil
Principal**

**Prof. B. S. Panchbhai
HOD**

**Prof. S. D. Mone
(Coordinator: 942349427)**

Our Computer Science Department has organized a seminar on the subject "Problem Solving using C" In this seminar, the basic concepts of C programming will be improved through hands-on practice. As this seminar is free of cost, as many students as possible should participate and enhance their skills. Those who wish to participate in the seminar should register their names in Lab-I. The last date for registration is 12/07/2021.

About our College

The R. C. Patel Education Trust is a significant educational initiative that has been providing secondary and higher education to rural and tribal students in this region for the past 25 years. In addition to offering traditional Arts, Commerce, and Science programs, the college also provides several self-financed courses based on student demand. The college has previously undergone two cycles of NAAC assessment and received a 'B' grade in both evaluations. Most of the students who enroll in this institution come from rural, economically disadvantaged, and agricultural backgrounds, for which access to higher education remains a challenge.

About the Seminar

Understanding fundamental constructs like variables, data types, operators, and control structures (if statements, loops, switch cases) is crucial for writing functional code. Functions in C allow for code modularity and reuse. Mastering function declaration, definition, and calling is essential for effective program structure. Pointers are a unique feature in C that offer direct memory access and manipulation,

making them vital for dynamic memory management and performance optimization. Arrays and strings are fundamental data structures used to store collections of data. Understanding their manipulation and usage is key for many programming tasks. Structures and unions allow for the creation of complex data types, enabling the organization of related data and efficient memory usage. File operations such as reading from and writing to files are crucial for data persistence and management in C. Functions like malloc, calloc, realloc, and free help manage memory dynamically during runtime. Implementing error detection and handling mechanisms is essential for robust and reliable programs. Directives such as #include, #define, and conditional compilation enhance code flexibility and maintainability.

Theme of Seminar

Basic Syntax and Structure
Memory Management
Data Structures
Concurrency and Multithreading
Security Vulnerabilities
Legacy Code Maintenance
Secure Coding Practices

Resource Person:

Prof. B. S. Panchabhai

Programme Location:

Computer Lab - I

“Problem Solving Using C”

Course Duration: 45 hrs.

“Problem Solving Using C”

Objectives

- 1. Mastering Fundamentals:** Our primary objective is to ensure that you have a solid understanding of the fundamental concepts of programming in C. This includes topics such as data types, control structures, functions, arrays, pointers, and more.
- 2. Developing Problem-Solving Skills:** We aim to cultivate your problem-solving skills, teaching you how to break down complex problems into smaller, more manageable components. You will learn systematic approaches to problem-solving, enabling you to tackle challenges with confidence.
- 3. Understanding Algorithmic Thinking:** Throughout the course, we will focus on developing your algorithmic thinking skills. You will learn how to analyze problems, devise efficient algorithms, and implement them using C programming techniques.
- 4. Hands-on Practice:** Theory is important, but practice is crucial. You will have ample opportunities to apply what you've learned through hands-on programming exercises and projects. These practical experiences will reinforce your understanding and help you become a proficient C programmer.
- 5. Code Optimization:** Writing code is one thing, but writing efficient code is another. We will explore techniques for optimizing your C code to improve performance and efficiency, ensuring that you develop good coding habits from the start.
- 6. Debugging and Testing:** Learning how to debug and test your code is essential for every programmer. You will gain valuable skills in identifying and fixing errors in C programs, as well as strategies for testing and validating your code to ensure its reliability.

Introduction

Welcome to the "Problem Solving Using C" course! In today's technology-driven world, the ability to solve problems efficiently using programming languages is invaluable. This course aims to equip you with the necessary skills to tackle a wide range of problems using the C programming language, one of the most powerful and widely used programming languages in the world.

In this course, we will delve into the art of problem-solving and explore how to apply C programming constructs to solve real-world challenges. Whether you're a complete beginner or someone looking to strengthen their programming skills, this course is designed to cater to individuals of all levels.

Through a combination of theoretical concepts, practical examples, and hands-on exercises, you will embark on a journey to master problem-solving techniques using C. By the end of this course, you will have the confidence and proficiency to tackle complex problems and develop efficient solutions using C programming.

Program Detailed:

Total Period: - 45 hrs.

- | | | |
|-----------|--|---------------|
| 1. | 13/07/2021
Introduction to C Programming
Overview of the C programming language
Setting up the development environment | 3 hrs. |
| | 14/07/2021
Data Types and Variables
Different data types in C (int, float, char, etc.)
Declaring and initializing variables | 3 hrs. |
| 2. | 15/07/2021
Control Structures
Conditional statements (if-else, switch-case)
Looping structures (for, while, do-while) | 3 hrs. |
| 3. | 16/07/2021
Functions
Defining and calling functions
Function prototypes and declarations | 3 hrs. |
| 4. | 17/07/2021
Arrays and Strings
Declaring and initializing arrays
Accessing array elements | 3 hrs. |
| 5. | 19/07/2021
Pointers and Dynamic Memory Allocation
Understanding pointers and their usage
Pointer arithmetic
Dynamic memory allocation using malloc(), calloc(), realloc(), and free() | 3 hrs. |
| 6. | 20/07/2021
Structures and Unions
Defining and using structures
Accessing structure members | 3 hrs. |
| 7. | 21/07/2021
File Handling
Working with files in C
Opening, reading, writing, and closing files | 3 hrs. |
| 8. | 22/07/2021
Advanced Concepts
Enumerations
Typedef | 3 hrs. |
| 9. | 23/07/2021 | 3 hrs. |

- Advanced Problem-Solving Techniques
Algorithm analysis and complexity
Sorting and searching algorithms
10. **24/07/2021** **3 hrs.**
Debugging and Testing
Techniques for debugging C programs
Strategies for testing and validating code
12. **26/07/2021** **3 hrs.**
Introduction to Embedded C Programming
Basics of embedded systems and microcontrollers
Writing C programs for embedded devices
13. **27/07/2021** **3 hrs.**
Concurrent Programming in C
Introduction to concurrency and parallelism
Working with threads using pthreads library
14. **28/07/2021** **3 hrs.**
Introduction to C Libraries and APIs
Overview of standard C libraries
Introduction to application programming interfaces (APIs)
15. **29/07/2021** **3 hrs.**
Practice and Review
How would you approach reviewing and practicing the concepts learned throughout the course of learning C programming? Provide strategies for reinforcing understanding and identifying areas for improvement.

Sub: Ministry of MSME, New Delhi Sponsored Industrial Motivation Campaign for Two Days

Dear Sir,

Indo German Tool Room, Aurangabad is Government of India Society under Ministry of MSME, New Delhi.

As we know that Entrepreneurs are frequently thought of as national assets to be cultivated, motivated, and remunerated to the greatest possible extent. Great entrepreneurs have the ability to change the way we live and work. If successful, their innovations may improve standards of living, and in addition to creating wealth with entrepreneurial ventures, they also create jobs and contribute to a growing economy.

In this regard IGTR Aurangabad as per directives of the O/o DC (MSME) New Delhi, is planning to organize, "Industrial Motivation Campaign for Two Days, Sponsored by Ministry of MSME, Govt. of India, New Delhi" to identify and motivate traditional / non-traditional entrepreneurs having potential for setting up MSEs so as and to lead them towards self-employment at your esteemed Institute.

Details of the programs are as follows:

Day	Session No.	Topic
One	1	Inauguration of Program
	2	Need of Self Employment, Entrepreneurship Development (What, Why & How?)
	3 & 4	Tower Building Game – Eradication of dependency syndrome
Two	1	MILLY Presentation
	2	Ring Toss exercise - Risk Taking Behavior
	3	Government Schemes to promote Entrepreneurship
	4	Experience sharing by successful Entrepreneur

In the above mention program we are expecting minimum 100 nos. of participants. Basic facilities like hall with seating capacity of 100 nos., projector, audio system etc. are to be provided by respective Institute whereas expert faculties will be arranged by IGTR Aurangabad. Participants are required to submit Registration Form along with one passport size photograph and copy of Adhar Card for participation certificate.

In this regard you are kindly requested to give your consent for the above program.

Thanking you.

Total			24 hrs.

About Rubicon

Rubicon was incepted with a dream of a world where every youth has the power to transform lives for themselves and others around them. We strongly believe that every youth has the potential to make a difference in their personal lives as well as the community around them. We build competencies, which would help youth seek

careers and prosper in their career of choice. We bring excitement into learning by developing and harnessing their curiosity and intrinsic motivation for learning.

Rubicon's "Life skills" Program, supported by Barclays, aims to improve the youth's employability skills. This initiative is supported by Barclays. Under this program, students will be trained by Corporate Trainers to enhance their Life skills which would help them significantly to increase their chance of succeeding in a job interview. This program is being launched with a limited no of colleges in India.

We are looking forward to partner with your institute and plan to run the below initiatives:

1. 24 hrs. classroom training on Interview Skills (Details mentioned below). Due to lockdown, this is divided into two parts – 18 hours virtual and 6 hours classroom training. 18 hours of virtual training will be delivered by a Corporate Trainer using Zoom/Webex as a platform – training will be conducted 2 hours per day for 9 days. 6 hours of face-to-face training will be done once the lockdown is lifted and before the campus placement starts.

2. Industry visit of students to various organizations.

3. Post Placement Mentoring and Career Counseling support to place students for one year.

In Life Skills training, we will be covering the below topics:

1. Organizational Structure
2. Public Speaking
3. Presentation Skills
4. E-mail Etiquette
5. Grooming
6. Group Discussion
7. Personal Interview
8. Assessment will be conducted on Group Discussion and Personal Interviews.

Introduction

Stress is a natural response to a perceived challenge or a threat. Stress is generally indicated as a deviation from normal functioning of body and mind. It can affect performance of an individual in his personal and professional life. Stress to some extent is good for an individual as well as the organization. It helps in achieving personal and organizational goals. But stress beyond certain limit can cause harmful effects on body and mind of an individual and affect the growth of an organization. Moreover, in today's era, where lives of people have been highly affected by workload, and are passing through the phase of turmoil, stress has become an inexorable part of personal and professional life. Each individual brings a peculiar pattern of responding to inevitable demands of personal and professional life. Some are able to manage stress whereas others experience psychological stress. Individuals and organizations can implement practices to reverse unhealthy stress (distress) and promote eustress, which stimulates growth and vitality. The success of an individual and organization depends on how stress is managed. Therefore, this programme intends to develop in the participants, the ability to cope up with stress and create work-life balance, thereby increasing effectiveness in personal and professional life.

☎ 02563-257328

📍 Near Karwand Naka,
Shirpur, Dist: Dhule (MS)

🏠 www.rcpasc.ac.in

INVITATION

Dear Students / Professionals,

We are glad to invite you to participate in
state level workshop on

"Leadership and Management"

A One-day workshop intends to help you
better understand the concept and latest
developments in entrepreneurship.

The workshop also includes some of the
issues in current scenario and a practical
experience of entrepreneurs from various
regions and discussion of their
experience. The workshop is being held
on **28th - February - 2020** at R. C. Patel
Arts, Commerce and Science College,
Shirpur.

ABOUT THE INSTITUTION

R.C.Patel Arts, Commerce & Science
College, Shirpur is a premier educational
institution run by R.C.Patel Educational
Trust, Shirpur. The college was founded in
year 1991 by the visionary patron Hon'ble
Amarishbhai Patel (M.L.C.&Ex-Cabinet
Minister of Education, Sport & Youth
Affairs M.S.) within the shortest span of 25
years, the college proves itself as an
institution providing quality education in
various disciplines such as literature,
commerce, chemical, physical & life
sciences. Nearly 2000+ students have
been studying in the college. The college
has been contributing in the field of higher
education in this tribal area rural area
with missionary zeal. The college dignified
campus with the state of the art
infrastructure. The sophisticated library
and fully equipped laboratories are the
unique features. The atmosphere on the
campus gives instinct to the all-round
development of the student.

ABOUT THE WORKSHOP

It is your mindset which decides the
future path you are going to take.
Leadership and management is important
from the perspective of organizational
development.

This workshop takes the complexity and
confusion out of how to be an effective
leader. Whether delegates are well-
established, they'll take home dozens of
fresh ideas, imaginative solutions and
best practices they can use the very next
day. You will increase your skills and
awareness to handle leadership issues
ensuring personal and organizational
success!

The workshop aims to be a knowledge
forum for future leaders and managers, to
share & express various paths in
leadership and management. New
challenges and how to overcome these
challenges. The workshop intends to
stimulate new ideas among students &
academicians through a deliberations &
discussions on developing a leadership
perspective among them. It will enable
them to become the contributors to a
successful & sustainable development.

OBJECTIVES

- Make the transition into the role of
effective leader
- Be able to choose the most effective
and appropriate leadership style.

OUTCOMES

- Make the transition into the role of
effective leader
- Effectively handle friends, older
workers, new hires and other early
problems.
- Be able to choose the most effective
and appropriate leadership style.

Workshop On

“Leadership & Management”

Organized by

Department of Commerce & Management

An Event Report

Title of Activity: Leadership & Management

Objectives: Leadership development training programs have several very important benefits. They increase student morale and retention, improve productivity, promote better decision making, build better teams, and train future leaders in your life who have a management style that is conducive to a positive working future.

Developing self-awareness and improving communication skills, to strive and communicate clear ideas by active and constructive feedback in their communication style which will suit their workplace in future.

The workshop was organized with the objectives to instill leadership skills among the placement representatives. To enhance the skills of the leader such as interpersonal, team building, communication, decision making and self-awareness.

Program Details:

The workshop was organized with the objectives to instill leadership skills among the students. To enhance the skills of the leader such as interpersonal, team building, communication, decision making and self-awareness. The workshop began at 9 AM and it started with the inaugural address by Principal of College Dr.D.R.Patil , who explained the importance of employability and all the requirements for the same. The event witnessed huge participation of around at Seminar Hall, R. C. Patel Arts, Commerce and Science College, Shirpur as on 15th Jan 2019 for B.COM. -III, M.COM.I & II, BCA, and BMS total 115 students, Dr. D.B.Bakkad inaugurated and addressed the students striving for Entrepreneurship Cell with a vision to explore the inherent capabilities of young

technocrats for Innovative solutions of existing problems of the society and industry developing Leadership and Management Skills among the students to have their own.

The students were informed on the various opportunities in Management field by Aspirants. All that made it more interesting is that, they conducted various activities starting from listening skills, Interaction activity, Hand Knot, Team building activity, and much more. Each and every activity conducted had at most significance which thoroughly registered in the minds of the students.

The main objective is to create leaders from the student community. She also emphasized and appealed to the students and general public of northern states to take advantage of this golden opportunity where in not only mentoring and space will be provided but initial Vote of thanks was given by Mr. Aadesh Jain where he thanked the resource person for providing her valuable time to make this workshop interesting and valuables for the scholars & faculty members. He also thanked the organizing team for making this event a success.

The team of faculty members included Mr. Gopal Bide, Program co-coordinator Miss. Aparna Jagtap, and other team members Mr. U. G. Patil, Mr. A. S. Jain, Mrs. P.D. Shravgi, Mr. Ramkumar Suryawanshi, Mrs. S.C. Pinjari, worked efficiently to make the event success.

Date: 15th Jan 2019

Class and Participants: B.COM –III, BCA, and BMS, MCOM.I & II

Venue: Seminar Hall, R.C Patel ACS College, Shirpur

Outcomes of Workshop: The participation in workshop showed that the students really like these platforms in which they increased their knowledge. The students then have a better idea of how well they are grasping the material, hopefully motivating them to study more and helping them allocate their study time effectively by focusing on the information that still needs more practice.

WORKSHOP ON Enhancing Critical Thinking in Mathematics

OBJECTIVE

Develop students' ability to analyze complex mathematical problems through critical thinking. Cultivate logical reasoning skills essential for effective problem solving in mathematics. Foster an appreciation for the role of critical thinking in mathematical discovery and innovation. Equip students with a toolkit of problem-solving strategies applicable to various mathematical contexts. Encourage collaborative learning and peer interaction to enhance critical thinking skills in mathematics.

ORGANISING COMMITTEE:

Mr.R.P.Mahajan
Mr.G.R.Chaudhari

Enhancing Critical Thinking in Mathematics

Organized by

Department of Mathematics

An Event Report

Title of Activity: Enhancing Critical Thinking in Mathematics

Objectives: Develop students' ability to analyze complex mathematical problems through critical thinking . Cultivate logical reasoning skills essential for effective problem-solving in mathematics. Foster an appreciation for the role of critical thinking in mathematical discovery and innovation. Equip students with a toolkit of problem-solving strategies applicable to various mathematical contexts. Encourage collaborative learning and peer interaction to enhance critical thinking skills in mathematics.

Program Details: The workshop was organized with the objectives to instill ability to analyze complex mathematical problems through critical thinking among the students. To enhance the skills of the critical thinking such as interpersonal, problem solving, decision making and self-awareness. The workshop began at 10 AM and it started with the inaugural address by Principal of College Dr. D. R. Patil, who had a word with students for their future achievements. The event witnessed huge participation of around at Seminar Hall, R. C. Patel Arts, Commerce and Science College, Shirpur as on 2/07/2018 for T.Y.B.Sc , M.Sc. I & II, 25 students, Dr. R. P. Mahajan.

1: Introduction to Critical Thinking in Mathematics: Overview of critical thinking and its significance in mathematics. Discussion on the role of critical thinking in problem-solving. Analysis of simple mathematical problems to identify elements requiring critical thinking

.2: Problem Decomposition and Pattern Recognition: Techniques for breaking down complex problems into simpler components. Strategies for recognizing patterns and relationships within mathematical problems. Practice sessions on problem decomposition and pattern recognition.

3: Logical Reasoning and Deductive Thinking: Principles of logical reasoning and deductive thinking. Introduction to deductive reasoning strategies (e.g., if-then statements, logical syllogisms). Examples of deductive proofs in mathematics.

4: Inductive Reasoning and Conjecture Making: Concept of inductive reasoning and its application in mathematics. Techniques for making conjectures based on observed patterns. Activities involving formulation and testing of conjectures.

5: Problem-Solving Strategies: Various problem-solving strategies (e.g., trial and error, working backwards, using analogies). When and how to apply different problem-solving strategies effectively. Application of problem-solving strategies to mathematical problems.

6: Error Analysis and Refinement: Importance of error analysis in critical thinking and problem-solving. Analyzing own errors and identifying misconceptions. Strategies for refining problem-solving approaches based on error analysis.

7: Collaborative Problem-Solving: Benefits of collaborative problem-solving in developing critical thinking skills. Group activities for solving challenging mathematical problems. Discussion of thought processes and reasoning with peers.

8: Real-World Applications: Real-world applications of critical thinking in mathematics (e.g., finance, engineering, science). Application of critical thinking skills to solve practical problems. Projects or case studies requiring critical thinking skills in real-world scenarios

9: Culminating Project: Culminating project involving the application of critical thinking skills to solve a complex mathematical problem. Emphasis on creativity and originality in problem-solving approaches. Presentation of solutions and reflection on problem-solving processes.

Date: 2nd July 2018

Class and Participants: T.Y.B.Sc , M.Sc. I & II,

Venue: Seminar Hall, R.C Patel ACS College, Shirpur

Outcomes of Workshop: The participation in workshop showed that the students really like these platforms in which they increased their knowledge. The students then have a better idea of how well they can solve complex mathematical problem, hopefully motivating them to think more and helping them allocate their study time effectively by focusing on the information that still needs more practice.
